EDUCATION

BSc Creative Technologies & Artificial Intelligence

Howest, Kortrijk

2025 – present

Bilingual High School

Gymnázium Ľ. Štúra, Trenčín

2020 – 2025

LANGUAGES

Slovak — Native

English — C1 Advanced

French — Basic (B2 background,
willing to relearn)

CERTIFICATIONS

IELTS Academic

Cambridge / British Council

2025

SOFT SKILLS

- Strong communicator
- Team player & leader
- Critical thinker
- Problem solver
- Fast learner
- Customer-facing experience

INTERESTS

- Basketball
- Music
- AI research & tools

Michal Heleš

AI & Software Developer | 1st Year CTAI Student

Hands-on developer with a solid foundation in Python, machine learning, and embedded systems. Currently studying Creative Technologies & AI at Howest University of Applied Science (Kortrijk), building real AI-powered applications from data pipelines to deployed hardware. I am a confident user of AI tools — both as a developer and subject of study. I am looking for a student tech job I can balance alongside my second year of university.

TECHNICAL SKILLS

Languages & Frameworks: Python, FastAPI, Gradio

AI / Machine Learning: YOLO models, dataset preparation & deployment, ML models understanding

Infrastructure: Docker, Kubernetes – k3d, PostgreSQL, Linux, GitHub

Hardware: Raspberry Pi 5, GPIO, sensors & actuators

AI Tools: Claude, Chat GPT, Copilot — daily use for development, debugging & improvement

PROJECTS

RefTrack — Basketball Referee Gesture Recognition System · 2025

Final-year university project built end-to-end on a Raspberry Pi 5.

- Trained a custom YOLO model on a self-built dataset
- Built a full-stack app: FastAPI backend, Gradio multi-tab dashboard for testing, Docker-hosted PostgreSQL, final product UI
- Implemented RFID authentication, LED signal confirmation, live OpenCV camera, basic push button control
- Deployed as systemd services with auto-boot on Raspberry Pi — fully functional standalone device
- Tech: Python, YOLO, FastAPI, Gradio, PostgreSQL, Docker, Raspberry Pi, GPIO, Linux
- 1-minute video: <https://youtu.be/Hlc6nt3GwIM>

WORK EXPERIENCE

Administrative Assistant · MB Trenčín s.r.o. · Jul 2024 – Dec 2024

- Creating reports and performing data analysis tasks
- Supporting office operations in a professional environment

Event Staff & Sales · MakeSense Creatives s.r.o. · 2022 – present

- Install and deinstall event infrastructure at festivals and large public events
- Handling customer service and product sales in high-pressure, fast-paced environments
- Logistic & organization of preparing / transporting / building commercial-related structures
- Developed strong teamwork, communication and reliability under real-world conditions

Cinema Worker · CINEMAX a.s. · Feb – Aug 2025

- Customer-facing role: ticket scanning, visitor assistance, general floor support
- Maintained venue cleanliness and operational standards
